5	12 Panoramic Grove	Vacant Site	New tree to be planted
6	10 Mount Street	Vacant Site	New tree to be planted
7	2/11 Mount Street	Vacant Site	New tree to be planted
8	3/11 Mount Street	Vacant Site	New tree to be planted
9	2/13 Mount Street	Vacant Site	New tree to be planted
10	12 Evelyn Street	Vacant Site	New tree to be planted
11	260 Springvale Road	Vacant Site	New tree to be planted
12	260 Springvale Road	Vacant Site	New tree to be planted

Street Overview

The map below details the removals, replacements and infill plantings. All other trees have been assessed as having more than two years' useful life and will be retained.

Street Overview Legend

-  Tree to be Removed and Replaced
-  New Tree
-  Tree Removed with No Replacement

Proposed Tree Species Options

Council’s Street Tree Strategy team has created three (3) options to choose from using the most appropriate species for the location.

Option 1 – Combination of species

Power line side of road

<i>Corymbia eximia</i> 'Nana' (Dwarf Yellow Bloodwood)	
	<p>The foliage is broad with a strong green colour and may turn a paler yellow/green in the colder months. In spring the tree puts on an eye-catching display covering itself in creamy yellow flowers, attracting nectar-loving birds.</p>
	<p>Mature Size</p> <p>Height x Width (m): 6-8m x 4-6m</p> <p>Form: Round</p>

Non-power line side of road

<i>Acer platanoides</i> 'Columnara' (Upright Norway Maple)	
	<p>A deciduous tree with a narrow habit. Green foliage turning yellow in autumn.</p>
	<p>Mature Size</p> <p>Height x Width (m): 10m x 4m</p> <p>Form: Upright</p>

Option 2 – Single species (both sides of the road)

<i>Corymbia eximia</i> 'Nana' (Dwarf Yellow Bloodwood)	
	<p>The foliage is broad with a strong green colour and may turn a paler yellow/green in the colder months. In spring the tree puts on an eye-catching display covering itself in creamy yellow flowers, attracting nectar-loving birds.</p>
	<p>Mature Size</p> <p>Height x Width (m): 6-8m x 4-6m</p> <p>Form: Round</p>

Option 3 – Combination of species

Power line side of road

<i>Acer platanoides</i> 'Crimson Sentry' (Crimson Sentry Norway Maple)	
	<p>This is a flashy crimson foliated maple with dense upright branching. It has a compact growth habit with its large crimson leaves in summer turning to gold and orange in autumn. Adds great colour contrast foliage. A small tree with greyish-black bark that is lightly textured.</p>
Mature Size	
Height x Width (m):	7m x 4 m
Form:	Upright

Non-power line side of road

<i>Acer platanoides</i> 'Columnara' (Upright Norway Maple)	
	<p>A deciduous tree with a narrow habit. Green foliage turning yellow in autumn.</p>
Mature Size	
Height x Width (m):	10m x 4m
Form:	Upright
