(FIN1: SW:YN)

Responsible Officer: Danny Wain, Chief Financial Officer

#### RECOMMENDATION

That Council:

- 1. Notes the Quarterly Financial Management, Annual Plan and Capital Works Progress Report for the period ending 31 March 2019, presented in accordance with Section 138 of the Local Government Act 1989.
- 2. Approves the variations contained therein.

#### **BACKGROUND**

A Financial Management Report is prepared and distributed to Councillors for information each month, with Quarterly Statements prepared for formal presentation to the Council in accordance with Section 138 of the *Local Government Act* 1989 (the Act).

The Quarterly Financial Statements include a comparison of year-to-date (YTD) actual revenue and expenditure with budgeted (YTD and forecast end-of-year) revenue and expenditure for the current financial year.

Council's 2018/19 Adopted Budget included four financial statements (refer Appendix A):

- Comprehensive Income Statement;
- Balance Sheet;
- Statement of Cash Flows; and
- Statement of Capital Works.

This report also provides a review of the 2018/19 Capital Works Program. In particular the Capital Works Progress report aims to:

- inform Council of funding changes to the program as a result of extra monies received from external sources; and
- quantify the transfer of funds from projects with surplus to projects with shortfalls.

#### **ANALYSIS**

### **COMPREHENSIVE INCOME STATEMENT**

#### **Year-to-date Summary**

As at 31 March 2019, the YTD net surplus from ordinary operations before transfers to reserves was \$43.8M, representing a 4% (\$1.69M) favourable variance against YTD budget (\$42.12M). The full Income Statement is included in Appendix A - Financial Statements & Indicators.

	Full Year Budget 2018/19	Full Year Forecast 2018/19	Forecast V		
	\$'000	\$'000	<b>\$</b> ′000	%	
Total income	185,195	192,527	7,331	3.8%

Materials, Services & Contracts	67,288	71,004	(3,717)	(5.2%)	
Depreciation & Other Expenses	29,425	29,490	(65)	(0.2%)	
Total expenses	171,308	176,038	(4,730)	(2.7%)

Adjusted underlying surplus/ (deficit)	11,047	13,384	2,337	17.5%	
Working Capital Ratio	241.1%	259.1%		18.0%	

This result is mainly due to favourable income variance (\$5.59M) with revenue exceeding budgets in Contributions (public open space contributions (\$2.72M) of which \$2.3M includes Glen Waverley Vicinity contribution; User fees (\$481K) mostly due to recoup of income from State Revenue Office for valuation works undertaken; Operating and Capital grants (\$1.68M) due to unbudgeted operational funding (MC&H, Early Years, Youth, Community Strengthening); and Statutory fees and fines of \$380K (parking infringements and asset protection fees). Forecasts have been adjusted to reflect these changes where appropriate.

Total expenditure year-to-date is over budget by \$3.9M, comprising of employee costs higher than budget (\$1.1M) and materials, services and contractors are also unfavourable by \$2.83M of which \$2.6M (not including administrative costs) relates to the provision raised for the parking infringement matter approved by Council.

#### **Forecast Summary**

As at March 2019, the full year (2018/19) forecast net operating surplus is \$16.49M compared to budgeted surplus of \$13.89M, representing a projected favourable variance of \$2.6M.

This favourable variance of \$2.6M is primarily made up of:

- Grants operating and capital \$5.37M favourable variance most of this favourable variance is due to unbudgeted grant funding. This is relevant to:
  - a. Children's, Family and Youth Services with 2 year funding approved for the Integrated Family Services program (\$73K in 2018/19) and for Pick My Project to co-ordinate the delivery of Mental Health First Aid to the community (\$157K);

- b. Community Wellbeing for Clubs grant (\$21K), Playing Fair-Free from Violence grant (\$90K) and Women's Health East-Interfaith GE project (\$10K) and Welcome to Australia Grant (\$4.5K);
- c. Increased growing funding for General Home Care (\$269K) and Meals (\$74K);
- d. Funding from the Victorian Planning Authority related to Streamlining for Growth and Development (\$130K); and
- e. Indian film festival grant of \$20K.

Capital grants include, additional funding for SSRIP (\$2.85M), Smart cities (\$374K) and Roads-Oakleigh Activity Centre (\$660K).

 Contributions - \$1.8M favourable variance – this relates to additional Public Open Space contributions (\$1.5M) and unbudgeted capital contribution which is Gladeswood Reserve Baseball/Reserve Improvements (\$230K).

These unfavourable forecasted variances are partially offset by:

User fees - \$107K unfavourable variance – most of this unfavourable variances are
due to reduction in income from Service Charges (\$264K), predominantly from
Family Day Care (\$208K) due to reduction in utilisation and number of educators
and subsequently impacting hours of care and HACC food services (\$268K) due to a
reduction in clientele demand. Green Fees is also forecasted down by \$200K due
to contract variation.

Under performance in entrance fees and memberships across the 3 aquatic and recreation centres has resulted in a forecast reduction of \$694K. Patronage at the Waste Transfer Station is lower than anticipated and may result in a \$500K lower than budgeted reduction in income.

These unfavourable user fees variances are partially offset by higher than forecasted recoup income from SRO for valuation works (\$297K), works undertaken for LXRA project (\$436K). Building Services income from application fees is forecasted to be higher than budget by \$151K, Statutory Planning income (\$84K) and additional \$100K from Engineering permits (eg vehicular crossing, stormwater connection and road opening permits). Waste Big Bin charges is also forecasted higher (\$132K). Forecasted capital recoup income include the LXRA project (\$113K) and unbudgeted recoup of funds for Galbally Reserve Playspace Oakleigh (\$150K).

- Employee costs \$1.04M unfavourable variance as a result of:
  - a. Additional grant funded positions (\$0.94M) relating to:
    - Higher than budgeted salary costs in General Home Care (\$200K) is expected by year's end due to the increased demand for domestic services, however this is somewhat offset by reduced service levels for Personal Care;
    - Increase in salaries within the Children's & Family Services (\$71K) and Youth Services (\$140K) are due to unbudgeted grant funding to increase and support services and implementation of new initiatives (eg Mental Health First Aid training).

- Additional salary costs for works undertaken for Streamlining for Growth Development is funded by contribution by Victorian Planning Authority (\$130K).
- b. Additional staff required to facilitate extended opening hours at the Mulgrave Library which was approved by Council at its meeting in July 2018 (\$50K).
- Materials & Services \$3.72M unfavourable variance as a result of;
  - a. Increase in fuel prices is anticipated by year's end (\$200K);
  - b. Grant funded contractors (\$430K)
    - Cladding audits \$260K (DELWP funding of \$130K)
    - Community Wellbeing programs (\$170K)
  - c. Contractors Other (\$499K) forecasted higher than budgeted due to:
    - Facility Maintenance (\$191K) and After-Hours (\$64K);
    - o Sportsfield Maintenance (\$118K) due to an agreed higher service level
  - d. Festivals approved by Council post-budget adoption (\$116K)-Moonlight Festival, Indian Film Festival and Greek National Day;
  - e. Contract Security, Cleaning and Hygiene (\$145K) due to increased levels of service required to maintain Council properties;
  - f. Net movement in waste contract collection and disposal tonnage differentials (\$601K); and
  - g. The Parking infringement matter (\$2.85M) which includes the provision and associated administrative costs.
- Other Expenses \$62K unfavourable variance this is the result of increases to lease payments for equipment at MARC, CACH and ORC.

#### **BALANCE SHEET**

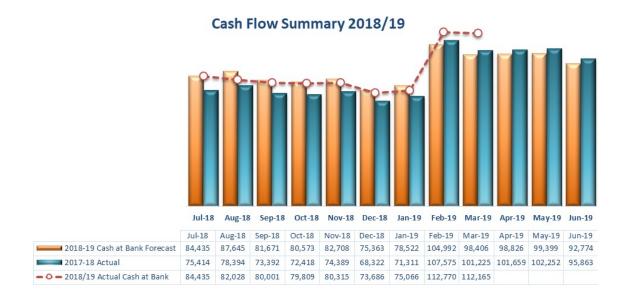

The Working Capital ratio (WCR) as at 31 March 2019 is 312.4%. This comprises current assets of \$139.9M and current liabilities totalling \$44.78M. The budgeted figure for 30 June 2019 is a WCR of 241.1% (Appendix A).

The unrestricted cash position at 31 March 2019 was 197.82%. This comprises restricted cash required by legislation of \$10.1M (\$6.9M drainage and \$3.2M parking reserves), Public open space reserve \$2.31M, in addition to funds reserved by Council resolution (\$7M development reserve, \$4.5M Superannuation reserve and \$2.86M unspent grants). The actual unrestricted cash and cash equivalents are \$88.59M in addition to current liabilities of \$44.78M and non-current liabilities for LSL \$1.36M. The budgeted unrestricted cash figure for 30 June 2019 is 168.5% (Appendix A).

The forecasted variance of \$2970.72M in Net Assets is mostly attributable to the revaluation of Council assets (Land) at 30 June 2018.

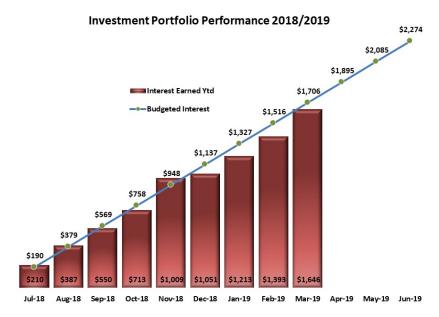

#### **STATEMENT OF CASH FLOWS**

The Cash Flow Statement shows Council's cash position at the end of March 2019 at \$112.16M, an increase of \$20.59M above the year-to-date budget of \$91.57M. This is primarily due to a higher cash balance at 30 June 2018, resulting from higher than budgeted income from growth in supplementary rates, additional public open space and parking contributions as well as positive cash flows from operating activities such as operating grants, contributions, user fees, other revenue and a delay in the delivery of capital works program.

## **Investment Interest Performance**

The graph below highlights the interest performance on total cash invested. Interest performance is not as high as anticipated due to the interest rates being lower than budgeted.

The Capital Works budget deficit of \$1,669,093 at 31 March 2019 will be funded from Council's budget for Atherton Road brought forward from the proposed 2019/20 budget, future land sales for Euneva car park building works; Drainage Contributions Reserve; and the balance from Council's retained earnings.
